CFA Society Hong Kong Awards Night to be held on 29 November 2024.

About Us

CFA Society Hong Kong (香港特許金融分析師學會) ("the Society") is a non-profit organization founded in 1992 by a group of CFA® charterholders. The Society shares the mission of CFA Institute in raising the professional and ethical standards of financial analysts and investment practitioners through our advocacy and continuing education efforts.

As of 30 June 2024, the Society had 6,011 members and is the fifth largest member society of CFA Institute, which has nearly 200,000 members in over 160 markets. The Securities and Futures Commission ("SFC") recognizes the CFA® designation as an industry qualification for the licensing of Responsible Officers.

We strive to be Hong Kong's leading investment professional body. We organize continuing education events to raise the standard of practice and uphold ethics in the financial services industry. In addition to promoting CFA charter as the pre-eminent investment qualification in Hong Kong, we provide a forum and be the leading voice for investment professionals.

The CFA Program is designed to equip you with the kind of expertise and real-world skills in investment analysis that will help you advance your career. It is a three-part exam that tests the fundamentals of investment tools, valuing assets, portfolio management, and wealth planning. CFA charterholders earn the right to use the CFA designation after program completion, application, and acceptance by CFA Institute. CFA charterholders are qualified to work in senior and executive positions in investment management, risk management, asset management, and more.

To receive the CFA charter, a candidate must:

- 1. pass all three levels of exam, exam time for each level is 4.5 hours;
- 2. have at least 4,000 hours of qualified work experience, completed in a minimum of 36 months;
- 3. follow the CFA Institute Code of Ethics and Standards of Professional Conduct.
